RE: Eastwood Shores Condominium No. 4 Parking Registration, Clearwater, FL

Dear Homeowner:

I am contacting you on behalf of **Eastwood Shores Condominium No. 4 Association**.

The Board is now going to require **all** vehicles (owners and tenants) to be registered with the Association. Once we have your vehicle information, you will be sent the correct number of parking registration cards (the maximum allotted is two) which will need to be displayed on the dash.

If you own more than one vehicle, one must be parked in the garage and the other must be parked in the driveway. Any vehicles that do not have the card displayed will be subject to being towed at the owner's expense, including those parked in guest parking, those not parking in their assigned parking spot and guests parked in assigned parking. You have thirty (30) days from the date of this letter to send in your registration. Any homeowner or tenant who have a change in vehicle or change in tenant will be required to register their vehicle at that time.

We thank you for your prompt response in this matter.

BY ORDER OF THE BOARD OF DIRECTORS,

Sincerely,

Robert Kelly
